URGES A SINCERE UNION

Points to United States and Mexico as Examples.

Advises Delegates Representing Adjoining States to Cease Warring Among Themselves for Personal Gain, and, in Proposed Treaty, to Provide for Punishment of Those Who Cause Rebellion

That the Peace Conference of the delecates from the five Central American republics, which was opened here yesterday, will produce good and lasting results, seems to be the belief of the representatives, and, at the session yesterday, they heartily applauded the opening address of Secretary of State Elihu Root, in which he admonished them to do more than make peace-to adopt measures that will insure lasting peace.

The meeting was called shortly before 3 o'clock, in the Bureau of American Republics Building, by Secretary Root, who acted as temporary president. His speech, as well as that of Dr. Luis Anderson, minister of foreign affairs of Costa Rica, who was named permanent chairman, and Ambassador Creel, of Mexico, was to the effect that peace treaties do not end strife unless some way is provided by which responsibility for violations of eace agreements are made as well.

Secretary Root called attention to the umerous treaties "that seem to have been written in water;" Ambassador Creel told them that every one of their difficulties rests upon issues which can be peaceably settled, while Dr. Anderson declared that the wars were not of nations, but of governments.

Each speaker was roundly applauded, and the delegates seemed anxious to assure all that they are determined to cement peace, even at the cost of conces ions, if necessary
